Survey – Effectiveness of success factors in change management in a virtual environment

Effectiveness of success factors in change management in a virtual working environment

This survey is being conducted at Triagon Academy with the objective of examining the effectiveness of known change management success factors under virtual working conditions. The survey should take no longer than 15 minutes. It should be noted that the responses to the questions will be kept anonymous. Furthermore, the data will be used exclusively for the purposes of processing the research question in compliance with the General Data Protection Regulation (GDPR) and will not be passed on to any third parties. Three Amazon vouchers will be raffled off among all participants. Should any further questions arise, please do not hesitate to contact me at claudia.schaefer@edu.triagon-academy.com. We would like to extend our sincerest gratitude to you for your participation.
